

Clinic Manager

- Strong focus on business development and sales. Responsible for all aspects of daily clinic operations, including Sales, Customer Service, Employee Relations, and insuring that company policies and procedures are followed;
- Develop an upbeat and productive work environment that encourages teamwork and results in employees reaching their designated goals;
- Meet individually with prospective patients to determine which of our programs would best fit their needs;
- Monitor service delivery, track product sales, and devise strategies to increase performance in these areas;
- Participate in some outreach and promotional events; attend company meetings.

Requirements

- Be motivated – and motivational! This will help you help both patients and employees achieve their goals;
- Must have prior Sales, Customer Service, or Retail experience;
- Have excellent communication skills that allow you to effectively counsel and educate new and current patients;
- Be able to lead by example, including having a professional appearance that reflects your own healthy lifestyle choices;
- Have a genuine interest in weight loss and nutrition!
